

Medical Enlisted Men Give Dance

ONE of the prettiest dances of the season was given Thursday evening at the Red Cross home at Fort Bliss by the enlisted men of the medical corps. The room was prettily decorated in large clusters of mistletoe. The fifth cavalry orchestra furnished the music. During the intermission, G. Himmelfarb sang "Jada Jada," accompanied on the piano by J. Steadman. Apple cider and cakes were served during the evening.

This is the first dance to be given by the medical corps at the new Red Cross home.

Child's Welfare Worker Coming

R. J. TIGHE, superintendent of city schools, and Mrs. Joseph Spence, president of the Morehead school Parent-Teachers' association, have received news that Mrs. E. A. Waters of Dallas, Tex., president of the Texas Congress of Mothers and Parent-Teachers' associations of the state of Texas, will arrive in El Paso on Tuesday. During her visit in the city a meeting will be held at which the principals of the schools and all interested in the child welfare work will attend. All officers of the various Parent-Teachers' associations will meet on Saturday afternoon at 2 o'clock at Bailey school, to discuss plans for this meeting. Now that the question of child welfare is of such vital importance, there will be much interest manifested over the coming of Mrs. Waters, who is an authority along these lines.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid Afta and apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy and lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid Afta at any drug store. It is inexpensive and never fails to do the work.—Adv.

SCOUTS BOOST POULTRY SHOW

All Tickets For Big Exhibition Turned Over To Boys For Sale.

The sale of all tickets for the Poultry and Pet Stock association exhibit at Liberty hall, December 17 to 21, was tendered to the Boy Scouts' organization of El Paso, with prizes for the different troops and individuals, by E. S. Campton of the publicity committee, at a meeting of the scouts in the chamber of commerce building Thursday night. The fact that the Boy Scouts were permitted to accept this tender is significant of the high worth of it, said G. O. Eyerman, scout executive, because the organization is ennobled by participation in any but a purely patriotic or commercial movement. The proceeds of the exhibit, over expenses, are to be contributed to the Associated Charities and the Red Cross.

The prizes, which are to be given to the boys to stimulate their interest, consist of 21 individual prizes of pedigree rabbits, pigeons and egg settings, and two troop prizes of cash. The latter are to be decided by the largest number of tickets sold and the largest percentage of workers participating from each scout troop.

It was estimated there will be 250 boys engaged in selling the tickets.

Rabbit Supplies Beef. "The raising of fur bearing animals," said Mr. Campton, "to its present status, was the outcome of a government request. There was urgent need for conservation of beef, and the rabbit was one of the few animals presented as an alternative. People do not realize the progress of the rabbit industry because it has not been carried out to great measures in this country. In England, before the war, there were imports of \$10,000 worth of rabbits daily; the approximate business of the industry for all Europe before the war was \$200,000,000.

"The purpose of the exhibit besides its donations to the Red Cross and Associated Charities, is to promote the industry in the southwest, and incidentally to educate the people to the possibilities of it."

Estimated Sale. It was estimated the scouts will sell between 2000 and 10,000 tickets. The cash prizes for the troops will be \$50 for 1000, and \$100 for 10,000.

Mr. Eyerman exhorted the boys to do their best as ticket salesmen, saying that when the Rotary club of El Paso goes to the convention at Fair Lake City, they might take some of them along as a reward of their faithful and untiring efforts. The boys also claimed this with broad smiles and decided to think long and hard on the idea.

Put Ten Commandments In Schools, Churches And Courts, Is Urged

At a recent meeting, the El Paso minister's alliance went on record in favor of the nationwide movement to put large copies of the ten commandments on the wall of every school room, court room, industrial plant, in every church and in every military camp and post, in the United States. The movement is fostered by the international reform bureau of Washington, D. C., of which Dr. William V. Crutcher is superintendent.

Every school board thus far approached has unanimously accepted these wall charts, presented by citizens without cost to tax payers. The argument that influences school boards most effectively is along these lines: The commandments are the foundation of civil, social and moral life; 20,000,000 miners do not go to Sunday school and so will not learn them there; the King James version of the commandments is Exodus 20, with numbers omitted, give the commandments as repeated by Protestants, Jews and Roman Catholics.

Many judges on request are willing to order the charts put on the walls of court rooms and speak of their fundamental relation to all laws.

A committee was appointed by the alliance to take up the matter locally.

At the conclusion of the meeting, Mr. Eyerman exhorted the boys to do their best as ticket salesmen, saying that when the Rotary club of El Paso goes to the convention at Fair Lake City, they might take some of them along as a reward of their faithful and untiring efforts. The boys also claimed this with broad smiles and decided to think long and hard on the idea.

W.S.S. MINSTREL SHOW TONIGHT

Seventh Cavalry Blackface Artists Give Talents To Liberty Hall Carnival.

The second night of the W. S. S. round up carnival was made a success by the Juarez military band, under the leadership of Maj. Alfredo Pacheco. The 4000 merry-makers attending were kept in good spirits by the melodious band strains from 7:30 to 11:30 o'clock.

A speech was made by Felipe Diaz Martinez, journalist and newspaperman of Mexico, who recently applied to attention to the Mexican congress on the red ticket. He spoke of the congenial feeling maintained by all Mexicans for their brother countrymen and of the many embryonic movements in the southern republic to cement the friendship between the two countries.

Assure Confidence. The committee of W. S. S. returned his congratulations with an expression of whole hearted confidence, and also thanked the band as the part of El Paso for its gratuitous service.

The program for Friday night consists of a minstrel show, boxing bouts, battles royal and the usual dancing and music. The minstrel show will start at 8 o'clock, and includes a chalk talk artist, dog dancer, male soprano and the Seventh cavalry quartet, with music by the Seventh cavalry band. The battles royal and boxing bouts will be put on by members of the Seventh cavalry.

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

University Club To Usher In Christmas Week With A Tea Sunday Afternoon

RED CROSS Christmas week will open unofficially Sunday when the University club will give a Red Cross tea in honor of the enlisted personnel of the army Red Cross nurses' corps at Fort Bliss, at the club rooms, seventh floor Martin building. These nurses were close friends of the late Maj. Frederick G. Waage, one of the leaders of the University club, and the tea is being given as an appreciation of their kindness to the officer and the fact they marched in the military funeral cortege. The nurses will attend in uniform and will be received by the wives of the officers and directors of the club, assisted by Mrs. James J. Hornbrook.

Mrs. W. L. Brown, Mrs. E. P. Rankin and Mrs. D. Bruce Smith will pour.

The program will include a reading from Service's "Rhymes of a Red Cross Man," by Miss Yabel Hull, of the high school, a number of musical numbers in charge of Charles J. Andrews, chairman of the music committee of the club; and talks by Dr. W. L. Brown, president of the Red Cross, and R. E. Thompson, chairman of the membership drive. The club rooms will be decorated with Red Cross flags and posters. The tea will be open to club members, their wives and friends. No cards will be necessary.

The Alameda group of the Woodmen Circle will give an enchilada supper at the W. O. W. hall in East El Paso on Saturday evening. There will be music by an army orchestra.

COLORADO CLERKS ADVISED TO STOP LIQUOR PERMITS

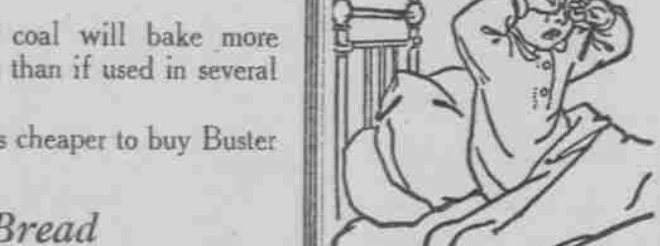

Denver, Colo., Dec. 12.—Second failure of governor Julius C. Genter to obtain a quorum of the canvassing board for certification of the vote on the state "bone dry" prohibition amendment, and sending of telegraphic notices to all county clerks, advising them to cease issuing liquor permits under the Horton law, were chief features Thursday in efforts of prohibition workers to have the new prohibition law made effective at once.

CHILD GETS SICK, CROSS, FEVERISH IF CONSTIPATED

Look at tongue. Then give fruit laxative for stomach, liver, bowels.

"California Syrup of Figs" can't harm children and they love it.

Mother! Your child isn't naturally cross and peevish. See if tongue coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Adv.
